

Ultimaker 3D printers

Comparison sheet

Ultimaker 2+ Connect

Ultimaker S3

Ultimaker S5 Pro Bundle

	<p>Start 3D printing the Ultimaker way</p>	<p>Professionalize your desktop 3D printing workflow</p>	<p>Scale 3D printing distribution with always-on productivity</p>
Product overview	<p>A seamless 3D printing workflow starts here. With its networking capabilities and new touchscreen, the Ultimaker 2+ Connect delivers single extrusion for simple applications.</p>	<p>Packed with our latest technology, the Ultimaker S3 is as easy to use as it is powerful, offering the most cost-effective way for disruptive businesses to adopt in-house 3D printing.</p>	<p>The Ultimaker S5 Pro Bundle boosts productivity, flexibility, and confidence to unlock demanding applications with an extended range of materials.</p>
Applications	<p>Education projects, concept models, visual prototypes</p>	<p>Concept models, visual and functional prototypes</p>	<p>Concept models, visual and functional prototypes, manufacturing aids</p>
Key features	<ul style="list-style-type: none"> ✓ Network connectivity ✓ Easy setup and maintenance ✓ Enhanced operator safety and air filtering¹ 	<ul style="list-style-type: none"> ✓ Network connectivity ✓ Advanced active leveling ✓ Material flow sensor ✓ Composite materials compatible 	<ul style="list-style-type: none"> ✓ Network connectivity ✓ Advanced active leveling ✓ Material flow sensor ✓ Composite materials compatible ✓ Automatic material switching ✓ Enhanced operator safety and air filtering

Requires Air Manager for Ultimaker 2+ Connect (sold separately). Filters up to 95% of UFPs (ultrafine particles)

Ultimaker 2+Connect

Ultimaker S3

Ultimaker S5 Pro Bundle

Heated build plate	✓	✓	✓
Open filament system	✓	✓	✓
Network connectivity	✓	✓	✓
Ultimaker Digital Factory	✓	✓	✓
Touchscreen	✓	✓	✓
Dual extrusion		✓	✓
Swappable print cores		✓	✓
NFC material recognition		✓	✓
Flow sensor		✓	✓
Composite materials ¹		✓	✓
Advanced active leveling		✓	✓
Larger build volume			✓
Easy material loading			✓
Filament humidity control			✓
Automatic material switching			✓
UFP filtering ²	✓		✓

1 Requires print core CC (sold separately)

2 Requires Air Manager for Ultimaker 2+ Connect (sold separately). Filters up to 95% of UFPs (ultrafine particles)
